

Weaving Workshops at Old Point Comfort STUDIO 2011

My goal is for you to feel relaxed and inspired by weaving, wonderful textiles, my colorful, eclectic studio workspace, and the beautiful scenery that surrounds my home and gardens. We'll laugh, share stories, learn, and eat great food in my cozy sunroom or outdoors in the gardens, weather permitting.

The first class is WEAVE A RUG - COLOR YOUR HOME. More classes are being planned for fall and winter, please contact me to receive the email newsletter.

WEAVE A RUG - COLOR YOUR HOME 2 - day workshops

Please call ahead for fall and winter dates

Leave all the arduous prep work to me! I will prepare each students' loom including the warping, threading, winding, and tying on. You will be coached and guided thru the actual weaving process from beginning of rug to the end and you will go home with a beautiful, durable, custom designed rug to cherish for many years. Here's the special part: you will weave this rug in colors of your desire based on color references you provide to me ahead of time.

A demonstration of a tapestry technique is included in this class and students are encouraged to add a section of tapestry to their rug.

All materials, lunches and snacks are included in the price.

Maximum of 4 students for each class.

WEAVE A RUG - YOU CHOOSE THE DATES 2 - day workshop
